Founded in 1791, the Albany Institute of History & Art, one of the oldest museums in the United States, is dedicated to collecting, preserving, interpreting and promoting interest in the history, art and culture of Albany and the Upper Hudson Valley region. The museum achieves this mission through its collections exhibitions, education programs, library, research projects, publications and other programs offered to the general public.

As a not-for-profit organization, the Albany Institute of History & Art raises operating funding from a variety of sources. About 90% of the museum's support is raised through membership, individuals, businesses, corporations, foundations and the museum's endowment fund.

The successes and achievements of the Albany Institute would not be possible without the commitment and generosity of many friends and donors.
